# Caitlin McCollom

**Implementation Specialist | Technical Project Coordinator | Business Systems Support**

La Mesa, CA | (619) 651-6348 | caitmccollom@gmail.com | github.com/KFBarbie

## PROFESSIONAL SUMMARY

Implementation-focused operations professional with 10+ years leading customer-facing teams, improving processes, and supporting software adoption. Coordinated weekly operations for approximately 200 B2B clients and helped grow student enrollment from 86 to 172. Pursuing an M.S. in DevOps (October 2026) to strengthen technical project coordination and software delivery skills.

## CORE SKILLS

Software Implementation | User Onboarding & Training | Project Coordination | Business Systems Support | Process Improvement | Workflow Documentation | Stakeholder Communication | Client Relations | Requirements Coordination | Change Adoption | Issue Resolution | Remote Collaboration

## TOOLS & TECHNOLOGIES

Supply Mover | Schedulicity | QuickBooks | Microsoft Office | Zoom | WebEx | Microsoft Teams | Git | GitHub | GitLab | Python | Selenium | CI/CD fundamentals

## PROFESSIONAL EXPERIENCE

**Operations Manager** | TAG Chemical Technologies | May 2023 – Dec 2023

- Coordinated weekly operations for approximately 200 B2B clients across two transport companies, one manufacturer, and internal teams.
- Established a daily product delivery workflow connecting client requests, transportation, and warehouse activity.
- Implemented QuickBooks and trained a coworker to support consistent billing, financial tracking, and reporting.
- Standardized logistics handoffs with SOPs, reports, packing slips, bills of lading, and reusable templates.

**Operations Manager & Lead Instructor** | White Dragon Martial Arts | May 2013 – Jun 2020

- Doubled student enrollment from 86 to 172 through marketing, introductory courses, sales presentations, and renewals.
- Mentored up to 12 employees and volunteers and developed an assistant instructor pipeline from the student body.
- Maintained enrollment gains through student engagement, customer follow-up, and membership retention efforts.
- Delivered annual tournaments and events, coordinating registration, preparation training, and logistics.

## SELECTED SOFTWARE IMPLEMENTATION PROJECTS

**Supply Mover CRM Rollout** | TAG Chemical Technologies | 2023

- Scope: replaced spreadsheet tracking for clients, inventory, products, and commercial technician workflows.
- Delivery: implemented Supply Mover, trained users, and guided adoption alongside ongoing warehouse and logistics operations.

**Schedulicity Scheduling Rollout** | White Dragon Martial Arts | 2017

- Scope: selected Schedulicity to organize appointments, introductory courses, and staff schedules.
- Delivery: trained staff and aligned scheduling and follow-up with membership and billing workflows.

## EDUCATION

**Western Governors University**

M.S., DevOps — Expected October 2026 | B.S., Business Management — 2022

## TECHNICAL DEVELOPMENT

M.S. DevOps labs: SDLC, Git/GitLab, CI/CD pipelines, software quality assurance, automated testing, Python, Flask APIs, and microservices.
